Dear President Ribeau:

After reviewing the *Focused Evaluation Program Report* submitted by the Howard University School of Architecture and Design as part of the focused evaluation of its Bachelor of Architecture program, in conjunction with the *Focused Evaluation Team Report*, the National Architectural Accrediting Board (NAAB) has found that the changes made or planned by the program to remove the identified deficiencies are satisfactory.

The program also will not be required to report on these deficiencies as part of its Annual Report (AR) to the NAAB; however, the program should continue to provide a response to any other deficiencies listed in the most recent *Visiting Team Report (VTR)* and to report on any modifications made in the program that may change its adherence to the conditions for accreditation.

The next comprehensive visit for the Howard University Bachelor of Architecture program is scheduled for 2012 and will be subject to the *2009 Conditions for Accreditation*.

If you have any questions regarding this matter, please contact the NAAB office.

Sincerely,

Wendy Ornelas, FAIA
President
